REACH Regulation 1907/2006/EC - SVHC Candidate list
Last updated on June 25th, 2020

Dear Customer,

The European Chemicals Agency (ECHA) has added **4** additional substances identified as SVHC (Substances of Very High Concern) to the Candidate List, which now contains 209 substances.

Candidate list, last updated: 25/06/2020

Number of substances on the Candidate List: 209

Link to List on ECHA-Homepage: <http://echa.europa.eu/candidate-list-table>

Please be advised that based on our knowledge of the manufacturing process and on the information available to us from our raw material suppliers, we hereby declare that the materials manufactured and sold by POLYTECHNYL - Engineering Plastics in Europe under the trade names:

TECHNYL ®

TECHNYL ® RED

TECHNYL ® ORANGE

TECHNYL ® BLUE

TECHNYL STAR ®

TECHNYL ® MAX

TECHNYL ® ONE

TECHNYL eXten ®

do not contain as intentional additives any of the 209 SVHC above a limit of 0.1% w/w.

Because we do not expect these substances to be present, we do not specifically run any analysis on our raw materials or end products to measure for them.

This declaration only applies to the composition of the granules and may not be extended to products obtained by:

- any ulterior modification of the composition of the granules, including by the addition of any substances, whether or not in conformity with applicable laws and regulations;
- any processing which could deteriorate materials; or
- any improper use of our product.

Yours sincerely

Your DOMO team
